Youth Education Series Programs

<http://www.disneyyouth.com/our-programs/education/sp/youth-education-series/program/yes-backstage-at-la-nouba-wdw/#locations-WDW,categories-youth-education-series>

If there is a program that your children want to go to and not listed, let me know.

Properties of Motion

Feel physics in action as you test the properties of force, motion and gravity on popular attractions throughout Magic Kingdom® Park.

Fundamentals of Photo Storytelling

Learn about the art of storytelling with visuals and how to capture artistic images with photography techniques.

Experiencing Synergy in Science

Investigate the synergy at work in Epcot® attractions, where creativity and technology merge to create world-class entertainment. Then learn to recognize synergy among the tools and systems that help us in our daily life.

Principles of Animal Behavior

Explore the fascinating and surprising world of animal behavior. See exotic animals in their natural habitat and engage in hands-on activities to learn how they survive and thrive at Animal Kingdom Theme Park.

Backstage at La Nouba™ by Cirque du Soleil®

Uncover the artistry, training, preparation and support systems that transform people and processes into a masterful show with a unique visual signature.

The Evolution of Technology

Develop an understanding of how human needs and wants drive the development and acceleration of technology.

Energy and Waves Physics Lab

Take a journey on an interactive adventure where you'll explore how the physics of light and sound are used to design select attractions at Magic Kingdom® Park.

Everyday Chemistry

Gain a greater understanding of modern chemistry and its practical application through observations and hands-on experiments within Epcot®.

How Things Move

Gain a greater understanding of modern chemistry and its practical application through observations and hands-on experiments within Epcot®.

The Science of Disney Imagineering: Gravity

Explore how Walt Disney Imagineering uses Newton's Laws of Motion to create multi-sensory experiences within Disney's Hollywood Studios®.

Exploring Careers in the Zoological Sciences

Explore the innovative ways that Disney is providing excellence in animal care while addressing the conservation challenges facing many animals today at Animal Kingdom Theme Park.

The Y.E.S. programs are fantastic, so you may want to add at least one more per child!

An example: A family of four arriving after 3:00 p.m. and staying 6 days and 5 nights would get the 4-day Premium ticket as well as 5 breakfast, 5 lunches, and 5 dinners per person.

Each Premium ticket includes the same number of additional days at Typhoon Lagoon, Blizzard Beach, and DisneyQuest. So, go to DisneyQuest the first night, get Theme park tickets for the number of full days, and go to a water park on your last day. Two children attend an extra YES programs. Then, leave after lunch.

4-day Premium tickets $\$264 \times 4 \text{ people} = \$1,056$

Meals Breakfast (5) $\$55$ + Lunch and Dinner with dessert (10) $\$167.50 = \$222.50 \times 4 \text{ people} = \890

2 extra YES programs for the two children = $\$60$

Total = $\$2,006$ or $\$501.50$ a person

Email questions to Dr. Janet Hecht at DeafFun@yahoo.com

Copy this page and mail to: Janet Hecht, 814 St. Elizabeth Dr., #351, San Jose, CA 95126

Please include a refundable $\$25$ deposit per person.
